**AN INVITATION TO
PARTNER WITH THE
SCIENCE TEACHERS'
ASSOCIATION OF NSW**

2025

About STANSW

The Science Teachers Association of NSW (STANSW) is dedicated to promoting the field of science education in New South Wales, with a strong emphasis on fostering professional growth, offering support, and advocating for its members.

In addition to championing the passion of dedicated science educators who generously volunteer their time, our association takes a proactive stance by providing leadership and a robust support network for its members. Our commitment extends further as we organise conferences, networks, and courses designed to enhance the skills and knowledge of our members. As education systems and science pedagogy continue to evolve, STANSW remains a steadfast voice for our teacher members, ensuring they receive the necessary support and guidance to navigate change effortlessly and consistently deliver excellence in science teaching.

Our Vision- Excellence in science education in NSW.

Our Mission- To advance the profession of science education in NSW by providing quality professional development, support, and advocacy of our members.

2024 Snapshot

Total members: 2,604

Event and course registrations/ attendees: 1,863

Social media followers: 6,746

E-news subscribers: 6,180

Why partner with us?

- Audience Reach:** By sponsoring our events, courses and networks, you will gain exposure to a highly targeted audience of teachers and decision-makers in the NSW education sector, increasing your brand visibility within this niche market.
- Market Access:** Your sponsorship will provide direct access to science teachers, opening up opportunities for your company to engage with potential clients and partners in the education industry.
- Brand Alignment:** Supporting our association showcases your commitment to education and STEM subjects, enhancing your brand's reputation and resonance among educators and the wider community.
- Networking Opportunities:** You will have the chance to connect with conference attendees, speakers, and other sponsors, facilitating valuable networking and partnership opportunities.
- Content and Thought Leadership:** As a Gold or Silver Sponsor, you have the opportunity to participate in sessions, workshops, or panel discussions at our events to showcase your expertise, products, or services and establish your company as a thought leader in education and science. You can also contribute articles and written pieces boosting your presence and profile.
- Marketing and Promotion:** Enjoy prominent visibility with your logo and website links displayed at events, in marketing materials, our e-newsletter and on our association's website, increasing your reach and exposure.
- Face to face connection:** Engage more meaningfully with teachers via our face-to-face conferences at iconic and exciting venues with a plethora of educational inspiration and opportunity.

Where does my money go?

Your sponsored funds are used to support our programs, conferences and networks, which are designed to support excellence in science education. Funds are used for venue hire, technology, administration, prizes and staffing – all of which are crucial to the delivery of our programs.

2025 Program

Term 1 Conference - Meet the Markers – March. This is an opportunity for Stage 6 teachers to gain valuable insight into the setting of HSC examinations, as well as the marking processes and implementation of the marking guidelines, presented by 2024 HSC markers.

Term 2 Conference - STANSW K-10 Conference - 23 June 2025. This major science education conference in NSW unites cross-sector science teachers from different stages and backgrounds, offering content and skills enhancement for effective classroom teaching.

Term 3 Conference - STANSW Secondary Conference (7-12) - 11 August 2025.

This conference is specifically designed for teachers in the 7-10 classroom setting, with the primary focus for 2025 being active engagement with and implementation of the new syllabus.

Term 4 Conference - Virtual Conference (7-12 Teachers) – Term 4 2025. This event brings secondary teachers from all over NSW together, supporting regional teachers to enhance their teaching and assessment strategies, data analysis skills, and new syllabus understanding for better student outcomes.

We'll also be hosting a teacher preview day at Taronga Western Plains Zoo, Dubbo, for teachers in the Central West region of NSW.

2025 Member-Only Networks

- Primary Teachers Network
- Head Teachers Network
- Science Extension Network
- Professional Practice Network

2025 Courses

- Leadership in Science Education
- Differentiation in Science
- Early Career Science Teachers
- Literacy in Science

STANSW Young Scientist

The STANSW Young Scientist Awards Program provides an exciting opportunity for teachers and businesses to support our future young scientists and showcase student excellence in STEM. It strives to encourage and inspire inquiry-based learning in Science, Technology, Engineering and Mathematics across all year groups in each category.

Students' efforts and achievements are recognised through a host of sponsored prizes and awards. There are several awards across all year groups with a vision to inspire the next generation of emerging scientists.

You can choose to sponsor just the Young Scientist program or combine it with your STANSW full sponsorship.
